

THE RIGHT OPPORTUNITY

When ERVP Sibley Gammon introduced me to Arbonne in July of 2004, I was definitely not looking for another home-based business. In fact, I was trying to get out of the two other home-based businesses I was already doing. I felt certain that the Arbonne skin care line was not any better than what I was currently using. But, out of respect for our friendship, I took the gold NutriMinC® RE⁹ bag she handed me and promised to try the contents for two days. I tried to keep an open mind, especially since just by looking at the contents of the bag I knew it would be more products than I was accustomed to using.

Yet, much to my surprise I truly enjoyed the NutriMinC® RE⁹ products. In fact, I could tell the products did what they said they would do. Nevertheless, it was not until Sibley came back to explain why she wanted me to try the products, that I became more intrigued about the business. I was inspired after hearing how Sibley's sister, ENVP Shannon Johnson had been so successful in just three years of working her Arbonne business. It was very motivating to think that I could quickly get rid of the debt we had acquired and potentially replace my husband's income, as well as having the ability to give more away to others. All I needed to do was be willing to share the products with my friends.

God gave me such peace about this being the right opportunity for me. So, I spoke with my husband, Billy about my interest in Arbonne. I knew he would be skeptical since I was only minimally successful in my other home-based businesses. In spite of this, after sharing the business side of Arbonne with him — which included not having parties and not stocking inventory — he thought it would be a good idea to give it a try. He quickly became excited about

the opportunity because he saw that I was excited. It is an awesome feeling to know that through Arbonne, I can help Billy achieve the freedom to pursue God's calling on his life to go into the ministry.

By July of 2004, I had signed up as a Consultant and made a commitment to make this business work! I quickly set out to find four people I really wanted to work with and I then began to help them find four people they could build their businesses with. The more I learned, the more excited I became about the opportunity. It has been such a blessing every day, especially hearing someone say that Arbonne's natural balancing cream was exactly what she had been searching for. Each day I ask God to give me the wisdom I need to accomplish His will and to show me who really

needs our products as well as the fabulous business opportunity that Arbonne has to offer.

These past four months have been confirmation to me that I am exactly in the place God wants me to be. I have been given a gift through Arbonne and cannot wait to give it away. I love knowing that I can make a difference in other people's lives just by sharing Arbonne with them. I have learned to pray expectantly. God always shows up to carry out His purposes, and His ways are always better than mine. I would not have been able to achieve RVP without His strength to get me through the ups-and-downs, or without His guidance to make the right choices in everything I do.

To God: Thank you for blessing me beyond belief with a deeper relationship with You; new friends; the chance to help and minister to others; the opportunity to give away more than I receive and the ability to lay the foundation for a residual income! I know that without You I cannot accomplish any of this and that Your strength is made perfect in my weakness. I am humbled to sit at Your feet each day. Thank you God, for reminding me that You are always there to help me deal with anything I may encounter.

To ERVP Sibley Gammon: Thank you for introducing me to Arbonne and for seeing the potential in me to be successful in this business. I am grateful that you are always available to support my team and me.

To my husband, Billy and our children, Sarah, Gigi and Liam: Thank you for believing in me and for encouraging me every step of the way. I love you guys! To my parents, Tom and AM Marty Mitchell: Your unconditional love and confidence in me means so much. I love you. Thank you mom for being willing to try this business with me. I cannot wait to read your *Eye on Arbonne* story! To my sister, DM Meg Wright: Thanks for finally wanting to buy some of the products I sell! I am so excited that you see Arbonne as your "plan B." I pray that God will bless your consistent effort and determination every day. I love you!

To my good friend, AM Trista Hudson: Thanks for seeing Arbonne as a great opportunity and for being willing to do this business with me. I am certain that you will be getting your Mercedes-Benz soon. To all of my soon-to-be-AMs: I am so blessed to work with each one of you and look forward to watching your success. To all of the Consultants in my Region, the soon-to-be DMs: You all are awesome! I could not have asked for a better team. Your consistent effort and determination is inspirational. I look forward to seeing each one of you achieve your own success.

And finally, to my Arbonne family, Petter, Rita, Stian, Candace, VP Support and the Home Office staff: Thank you for providing me with fabulous products, a supportive staff that will answer any and all questions and a pay plan that rewards consistent effort. You are helping to make my dreams a reality!
