

ENJOY THE JOURNEY

I learned about Arbonne in November of 2004, from my mom, who started using the NutriMinC® RE[®] anti-aging skin care line. At that time, I was not even willing to hear more about this company or the products. Today, I am a Regional Vice President. Just 10 short months ago, I would have never imagined how my life was going to drastically change.

Six months after I was introduced to Arbonne, in May of 2005, my mom called to inform me her Arbonne Consultant just received her Mercedes-Benz, through the Mercedes-Benz Cash Bonus Program. After hearing this, I agreed to meet with my mom's Consultant, who is now NVP Jeanine Montgomery. Within 24 hours of my mom's phone call, I decided to sign up and begin an Arbonne business of my own.

After graduating from college in 2002, I began my career in clinical research. I loved my job, but I was interested in a means that would replace my income and allow me to work from home. When my husband and I decided to start a family, I wanted to be available for our children, and that would not be possible with the job I had.

Four months after beginning my Arbonne business, I was able to work from home. Now, 10 months into my business, my life has changed so much. At 25, I now have the luxuries of sleeping in until I am ready to get up, having lunch with my husband and traveling to great destinations with my team. I no longer dread Sunday

success strategy:

“ Dream big and grow into the person you know you can be. ”

my case, Arbonne taught me how to dream big and helped me grow into the person I always knew I could be!

One of the most incredible aspects of building an Arbonne business is the team you will build. As you build a team, you are building long-lasting friendships and an extended family. As you help your team achieve their goals, you, too will begin to achieve yours. As soon as I learned the lesson that it is not about me, but about my team, my business began to explode. Learn to be a servant to others and your team will begin to grow!

To ENVP Sandra Tillinghast, ENVP Donna Weiser and ENVP Nancy Wilcox: Thank you for setting such a high standard of leadership and integrity for your SuccessLine to follow.

To NVP Jeanine Montgomery: Thank you for the endless coaching calls! You taught me how to listen more effectively and truly serve my team. I am forever grateful for your continuous outpouring of support, time and energy! I love you.

To RVP Natalie Stallings: I was so excited when you chose to begin your Arbonne business four and a half months ago. Your spirit is beautiful and your charisma is contagious. It is incredible to watch your dreams begin to unfold as your business continues to grow. Nothing brings me greater joy than being able to share our Arbonne journey together. I love you, sis!

To AMs, Nina Richardson, Nancy Mabry, Sandy Haddock, Stacie Martin, Kathryn Lindsay, Lisa Goodman and Laurie Stokes: You are just one step away from your Mercedes-Benz. Continue to stay focused!
